Handwriting and Word Processor

The School recognises that for some students with specific learning difficulties a laptop may be the most appropriate method of organising and presenting their work. Pupils are allowed to use a laptop in school as their normal, routine way of working where a need has been established and its use is recommended by the school SENCO.

Use of a Laptop/ tablet

Pupils are allowed to use a laptop in school as their routine, normal way of working under the following conditions:

- A need for use has been established and is recommended by the School SENCO.
- The pupil has been using the laptop as her/his routine way of working in any subject where she/he wishes to use a word processor (WP) in an examination and has had specific practice and rehearsal in the use of a WP under examination conditions.
- Evidence of illegible handwriting from a variety of subjects has been supplied to the Exams Officer.

Whilst the School accedes to JCQ's recommendation (section 5.8 in the Joint Council for Qualification booklet on Access Arrangements 2017/2018), the complexities outlined above mean this it will be unrealistic. Not in the best interest of the majority of our pupils to use a WP in an examination unless they have been using it as their routine, normal method of working throughout their examination years (e.g. Years 10 and 11 if they wish to use it for their GCSE examinations.)

Use of Word Processors in Public Examinations

The Joint Council for Qualification's recommendation for the use of word processors in examinations (section 8.8 of the 2017/18 booklet) and be viewed within the context of the School's position on Word Processor use for Years 7-11.

- Where a pupil is authorised to use a WP as their normal way of working as per School policy and therefore may use it in examinations, the Examinations Officer will make contact with the candidate to arrange in which specific examinations they wish to use a word processor.
- Only the relevant software applications will be available: spell-check, grammar check and the thesaurus will be set to off. There will be instructions informing candidates how to set up documents with all the relevant personal details. The word processor will be set to save automatically every five minutes, but we suggest saving at regular intervals in addition to this.
- At the end of the examination, the candidate will be required to remain in the room while their work is printed. The student would be required to authenticate the relevant hard copy.
- Opportunities to rehearse the use of a WP are available in the period leading up to the public examinations, for example in mock examinations or during controlled assessment. Without this practice, it is unlikely to be in the best interest of the pupil to use the WP in an examination and a transcript may be a better option for a pupil with illegible handwriting. This would be arranged with the School SENCO.

Separate invigilation within the centre

- In the case of separate invigilation, the candidate's difficulties are established within the centre and known to a Form Tutor, a Head of Year, the SENCo or a senior member of staff with pastoral responsibilities.

- Separate invigilation reflects the candidate's normal way of working in internal school tests and mock examinations as a consequence of a long term medical condition or long term social, mental or emotional needs.”

At all times, the Examinations Officer, Lead Invigilator and Senior Leadership Team will liaise with the relevant Awarding Body to ensure any contingency plans meet with it's requirements and that JCQ regulations are adhered to where possible.

Alongside internal processes, this plan is informed by information contained in the Joint contingency plan for the examination system in England, Wales and Northern Ireland where it is stated that "Centres should prepare plans for any disruption to examinations as part of their general emergency planning. It is important to ensure that relevant centre staff are familiar with the plan. Consideration should be given as to how these arrangements will be communicated to candidates, parents and staff should disruption to examinations occur."

THE ABBEY PARK SCHOOL POLICY FOR ASSESSMENT DECISIONS AT GCSE & VOCATIONAL

The school policy is designed to promote quality, consistency, accuracy and fairness in assessment and awarding. In all cases, the final awarding decisions are taken by the Awarding Bodies: AQA; OCR; Edexcel; WJEC; CCEA and others.

This document covers the schools' policy in dealing with the Awarding Bodies, the Joint Council for Qualifications (JCQ), internal departments, officers of the school and any other parties involved in awarding matters.

Internal Assessment

Under section 2, paragraph 19, subsection IX of the Joint Council Code of Practice, the Awarding Bodies require school centre offering their examinations to:

1. have a published appeals procedure relating to internal assessment decisions;
2. make this document available and accessible to candidates.

The Awarding Body will moderate the assessed controlled assessment/oral tapes and the final mark awarded is that of the Awarding Body. This mark is outside the control of the school and is not covered by this procedure.

The school will ensure that:

1. work submitted by the candidate for assessment has been authenticated as original work according to the guidance issued by the Joint Council;
2. at the beginning of the course, candidates are given written guidance about the Awarding Bodies regulations on the production of controlled assessment and the school's deadlines for submission. Information about the school's appeals procedure, together with this document, will be given at the same time;
3. within each department, candidates are given adequate and appropriate time to produce the controlled assessment;
4. internal assessments are conducted by staff who have an appropriate level of knowledge, understanding and skill;
5. the consistency of the internal assessment is secured through the departmental mark scheme or marking criteria and internal standardization, as necessary;
6. the staff responsible for internal standardization of a subject will attend any training sessions given by the relevant Awarding Body.

Internal Appeals Procedure

1. The grounds for appeal relate only to the procedures used in arriving at internal assessment decisions or the production of externally assessed work and do not apply to the judgement themselves.
2. The appeal must be made in writing to the School's Examinations Officer by 31 May of the year that the coursework was assessed. The grounds for the appeal must be clearly stated. The candidate can be supported in the presentation of their case by a parent/carer/friend.
3. The Headteacher will nominate a senior member of staff, normally the Examinations Officer (EO), to lead the enquiry provided that the EO has played no part in the original assessment process. An experienced Head of Department or School Governor to act as an independent member will also be on the panel.
4. The panel will examine the evidence for the procedures used in the assessment, decide upon their appropriateness and that the procedures have been properly followed as required by the Awarding Body concerned. The enquiry will be completed by the end of June of that examination series.
5. The panel's findings will be formally reported back to the candidate/parent/carer at the beginning of July.
6. Records of the request for the appeal, the evidence, deliberations of the panel and the result will be kept by the Examinations Officer and made available to the Awarding Body if required.
7. Should the learner not be happy with the outcome of the appeal, the exam body/ bodies can be contacted by the learner.

Appendix C:

GCSE Internal Controlled Assessment Procedure at Abbey Park School

1. Controlled Assessment is defined as any piece of written or practical work which is marked by the school or an external examiner and which contributes to a GCSE Award.
2. Students must read and understand fully the Notice to Candidates from the Joint Council for Qualifications about GCSE Controlled Assessment Regulations.
3. Irregularities in controlled assessment discovered prior to the student signing a declaration of authentication will not be reported to the Awarding Body but dealt with as an internal disciplinary matter. The work will not gain any credit.
4. An irregularity in controlled assessment discovered after the signing of the declaration of authentication by the student will be reported to the Awarding Body which may lead to disqualification from the subject.
5. Controlled Assessment must be handed in by the agreed published departmental deadline. Each department will inform the candidates of these dates.
6. All students are given the same and sufficient time to complete the assessment.
7. Students are given clear instructions as to the time and place for handing in the assessment.
8. The work must be handed in by the student to the designated teacher and not given to another student to hand in. Teachers will issue a receipt for the coursework.
9. If the student is absent from school on the deadline day, a parent/carer or friend must bring the work to school to be handed in to meet the deadline.
10. If it is impossible to deliver the work to school, the Head of Year must be contacted by phone on the deadline day for advice.
11. If the controlled assessment has not been completed by the deadline, the incomplete work must be handed in on the deadline day to receive a mark. There will be no further opportunity to complete this work for an improved mark.
12. Normally there will be no extension of a controlled assessment deadline if a student is absent for a day or two during the period that the coursework is being completed.
13. If there are any special circumstances e.g. a school exchange, play rehearsals or a prolonged absence covered by a medical certificate, there is a possibility of an extension but this must be negotiated with the Head of Year. A note will be given to the HoD and parents to confirm the extension.

Appendix D:

Controlled Assessment Appeals Procedure

1. The Joint Council for Qualifications Code of Practice requires schools to have a published appeals procedure relating to internal assessment decisions.
2. The grounds for appeal relate only to the procedure used in arriving at internal assessment decisions and do not apply to the judgements themselves.
3. Appeals must be made in writing by 31 May of the year that the work was assessed to

Plagiarism

What is plagiarism and why is it important?

Plagiarism is using others' ideas and words without clearly acknowledging the source of that information. It is very important that you give credit where it is due.

How can students avoid plagiarism?

To avoid plagiarism, you must give credit whenever you use:

- Another person's idea, opinion or theory
- Any facts, statistics, graphs, drawings – any pieces of information that are not common knowledge
- Quotations of another person's actual spoken or written word
- Paraphrase of another person's spoken or written words.

Plagiarism and the World Wide Web

The World Wide Web has become a more popular source of information for student papers, and many questions have arisen about how to avoid plagiarising these sources. In most cases, the same rules apply as to a printed source: when a writer must refer to ideas or a quote from a website, they must cite that source.

If a writer wants to use visual information from a website, many of the same rules apply. Copying visual information or graphics from a website (or from a printed source) is very similar to quoting information, and the source of the visual information or graphic must be cited. These rules also apply to other uses of textual or visual information from websites – for example, if a student is constructing a web page as a class project, and copies graphics or visual from other sites, they must also provide details about the source of this information. In this case, it might be a good idea to obtain permission from the website's owner before using the graphics.

Strategies for Avoiding Plagiarism

- Put in quotations everything that comes directly from the text, especially when taking notes.
- Paraphrase*, but make sure you are not just rearranging or replacing a few words. Read over what you want to paraphrase carefully: cover up the text with your hand, or close the text so you can't see any of it (and so aren't tempted to use the text as a 'guide'). Write out the idea in your own words without peeking.
- Check your paraphrase against the original text to be sure you have not accidentally used the same phrases or words, and that the information is accurate.
- Using someone else's ideas, but putting them in your own words. This is probably the skill you will use most when incorporating sources into your writing. Although you use your own words to paraphrase, you must still acknowledge the source of the information.
- It is expected that teachers will cover plagiarism during their lessons. Copies of this policy document are published on the school website and are reviewed and updated every year.
